

Professional Automatic Banknote Shrink Wrapper **Julong JL116**

The JULONG JL116 wraps banknotes into standard packs of 1,000 pieces and securely seals them in film. The entire process of packaging and printing information, such as denomination, bank details, and operator data, is fully automated.

This industrial-grade automatic solution is designed for central cash offices, bank branches, and cash-in-transit companies to prepare cash for transport and storage.

ADVANTAGES

Versatility

The wrapper is compatible with banknotes of any size. All printed information can be entered during setup.

High-Speed Operation

The entire process of wrapping and printing takes no more than 20 seconds. The input and output trays are separate, allowing a new batch of cash to be loaded while the previous one is still being packaged.

Ease of Use

An intuitive menu and a large, full-color graphic LCD display make it simple to manage the wrapper's settings, input data about banknotes, banks, and operators for printing, and control all stages of the packaging process.

Banknote Protection

By packing banknotes in shrink-wrap film, they are protected from moisture and dirt. Even tension within the pack enhances the protection of banknote corners and edges.

Safety

The wrapper uses high-quality POE film, which minimizes environmental impact. The device is certified to CQC and CE standards.

SPECIFICATIONS

Display	Color Graphic LCD
Strapping Cycle	≤20 sec for 1,000 banknotes
Type	1,000 banknotes
Printing	yes
Tape Width, mm	75
Banding Tape	POE
Power Supply and Consumption	AC 200-240V 50/60 Hz 3kW MAX, <0,6 KW average
Weight (kg)	345
Dimensions (WxDxH, mm)	1,150 x 820 x 1,370
Manufactured in	China

Since 2004, **JULONG** has been manufacturing cash-handling equipment. With advanced identification technologies and mechatronics, **JULONG** became the first Chinese manufacturer of counting and sorting machines to have its equipment certified by the European Central Bank.

ABOUT BS/2

For over 30 years, **BS/2** has delivered specialized software and technological solutions for banks, financial institutions, and retail businesses, focusing on developing self-service channels. It offers a wide range of cash counting and sorting equipment for commercial and central banks, cash-in-transit companies, and retail locations. BS/2 is part of the Penki Kontinentai group.
